Signal Processing and Machine Learning

Program Modality
Accelerated, on-campus

Program Duration
1 year

What You Will Learn
- Master essential mathematical, scientific, and engineering principles as they apply to machine learning and signal processing
- Formulate, analyze, and independently solve advanced signal processing questions

Degree Conferred
Master of Science in Electrical Engineering

Advertised Salary
Mean: $125K
Median: $133K

Top Common Industries
- Scientific Research and Development Services
- Aerospace Product and Parts Manufacturing
- Electronic Shopping and Mail-Order Houses
- Software Publishers
- Navigational, Measuring, Electromedical, and Control Instruments Manufacturing

Top Common Employers
- Amazon.com
- BAE Systems
- General Electric Company
- Apple Inc.
